

Full Production Services

From Concept to Screen — We Bring Your Vision to Life

At **Redwood Films Kenya**, we offer **end-to-end film and video production services** that ensure every detail of your project is handled with excellence. Whether you're producing a commercial, documentary, corporate film, or branded content—we manage the entire process from idea development to final delivery.

1. Pre-Production

The Blueprint for a Successful Project

We begin by aligning with your goals and crafting a clear vision. Our pre-production phase ensures your story is strategically planned for maximum impact.

Our Pre-production Services Include:

- Creative concept development
- Scriptwriting & storyboarding
- Budgeting & scheduling
- Location scouting & permits
- Talent casting
- Production planning & logistics

2. Filming (Production)

Capturing the Moment with Precision

Our expert crew and state-of-the-art equipment bring your project to life. We

ensure high production value and a smooth on-set experience—whether in-studio, on-location, or in remote field conditions.

Our Filming Capabilities Include:

- Multi-camera shoots
- 4K and cinematic filming
- Drone & aerial videography
- Lighting, sound, and set design
- Director-led shoots and live supervision

3. Post-Production

Polished, Professional, Powerful

This is where the magic happens. Our post-production team transforms raw footage into a refined, engaging final product that reflects your brand's voice and message.

Post-production Services Include:

- Video editing & color grading
- Motion graphics & animation
- Sound design, voiceovers, and music scoring
- Subtitling & multi-language support
- Final mastering for TV, web, or social media
